User Manual

By: Devin Chavez

TheaterTicketSystem:

The TheaterTicketSystem page acts as the home/welcome page for the system. It contains two buttons. One of the buttons is the "View Catalog" button. This button will take you to the play page. The Other button is the Shopping Cart button. When you go to the Play page.

Play:

On the play page, you will see the time, date, and name of the play. You will also see seats along with their cost and availability on the left side. A red seat is unavailable, and a green set is available. If you click on one of the seats, it will be added to your cart, and you will be taken to a page with only a "Go Back" button. This button will take you back to Play. After the desired seats are chosen, pressing the "Shopping Cart" button, located on the top left corner will take you to the shopping cart.

ShoppingCart:

This page will display all of the seats that were previously added to the cart. You will have the option to remove a seat by pressing the "Remove" button below the seat. This page will also show the total cost of all the seats that are currently added. There will also be a "Purchase" button located on the bottom left corner of the page. This button will take you to the Information page.

Information:

This page is where all of the information from the customer is gathered. There is a place for their name, phone, address, and card number. After all of these fields are properly filled in, pressing the "Pay Total:" button will take you to the transaction page. If these fields are not properly field in, an error message will be shown.

Transaction:

If the transaction is properly executed, this page will give all of the information for the transaction.
